By vote at the annual meeting of the Company held January 7, 1901, policy holders wishing to remain away longer than thirty days may keep the insurance on their property good, by applying to the secretary for a permit to leave premises unoccupied for such times as they may specify, paying for the same five cents per month for every one hundred dollars for which they are insured.

REPORT OF THE SANBORNTON PUBLIC LIBRARY

The books and magazines furnished to patrons of the Sanbornton Public Library during the fiscal year just ended amounted to 1,535. One-third of the adult reading was non-fiction, a fact which may surprise the citizens who think libraries encourage story reading to little purpose. Most of the non-fiction was loaned to us by our State Library. All of the new fiction was loaned by generous friends and our Public Library Commission, which also supplies collections of juvenile books for our schools.

Donations of books of many kinds amounting to 278 copies came to us last year. The library funds purchased fifteen more.

Among the improvements donated towards the completion of the reading and club room were three hand braided rugs and a luncheon cloth and napkins. The papering, painting and making of curtains were done by interested generous women of the town. Under the supervision of the county agent one of our townswomen promoted an upholstering project which gave us a finished divan we are proud to have. The refinishing of the chairs came also as a gift.

It is earnestly hoped that the coming year will see our library better able to furnish the reading and reference material desired by the patrons.

Back numbers of illustrated magazines which may be cut for picture files are solicited.

Respectfully submitted,

L. BINGHAM.

SCHOOL DISTRICT OF SANBORNTON
REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Sanbornton:

Sanbornton is maintaining five schools this year, the same as last. The decision to open the Meadow school again this year could not be made until late, because of the uncertainty of the number of pupils to be assigned there. Ten days before the time for opening the schools in September the decision was made. There are now eighteen pupils in this school, where a man teacher, a graduate of Keene Normal School, 1935, is doing most excellent work, arousing a real interest in school activities. I have no hesitation in saying that Sanbornton never had five better schools than at present.

The interest shown by both teachers and pupils in all the schools is very pleasing; the cooperation of the parents is much appreciated.

For the first time, publicly, an opportunity was given the citizens to see by means of demonstration classes, the contrast between old and new methods of teaching reading and arithmetic. A public entertainment by the schools was given as a part of the observance of National Education Week. The demonstrations and entertainment features were furnished by pupils from each of the five schools. The town hall was crowded to capacity and the whole affair was very favorably received. I recommended that a similar school entertainment be made an annual affair during "Education Week."

I recommend, also, that at the end of the school year in June, some public recognition be given those boys and girls completing their seventh and eighth

grade work; perhaps by means of graduation exercises, at which time certificates be granted stating subjects satisfactorily completed in the Sanbornton schools.

Every year, boys and girls completing their seventh or eighth grade work, desirous of continuing in high school, feel that they cannot do this for financial reasons. I would suggest that such pupils report to me or directly apply for aid from the National Youth Administration, with offices in Manchester. They might qualify for enough help to enable them to realize their desire.

The health of the children is being well looked after by our very efficient school nurse, Miss Moynihan.

The school children of Sanbornton are 100% vaccinated or excused from vaccination by a physician. This is a splendid record and the credit is due to the persistency of the school nurse. Twelve have been vaccinated since September. Tonsil clinics have been held and seven pupils operated upon successfully. Dental clinics have been held at the Brook and Chapel schools and are now being held at the Square. The schools themselves assist in raising money by means of entertainments, sales, etc. Harmony Grange has contributed five dollars and the overseer of the poor has contributed twenty dollars. Cod liver oil is being furnished to those children especially in need of it. Defective hearing has been tested in eight cases.

Free milk beginning February 17 is being furnished but only one-third as much as last year.

Miss Moynihan has given of her time unsparingly, and at her own expense has transported many of the children from school to the physician and back home again.

I would call your attention to the "School Census" report, especially to the number of your boys and girls

attending junior and senior high schools. It is a very healthy sign educationally.

The unfortunate thing is, that *all* the boys and girls so desiring, cannot enjoy the high school privileges. We trust this condition may be remedied in the not distant future by having a Sanbornton High School.

I wish to express to the School Board my appreciation of their continued interest in the best welfare of the school children, and of their kindly cooperation in every way with me personally.

F. S. LIBBEY,
Superintendent of Schools.

Sanbornton, February 14, 1936.
